To whom it may concern,

I am pleased to enclose a copy of our new brochure. We are starting a new International Master Program in Economics taught entirely in English **from October 2013**. You will find the details of the program in the brochure and in the application guidebook of the program. This program is designed in particular for the excellent students at the universities which have concluded an Academic Co-operation Agreement with the Graduate School of Economics, Kobe University. This international program allows the highly motivated Japanese students to be enrolled in as well and thus the selected international and domestic students study together within the program. I am convinced that the new program is ideal for promoting academic and professional careers of your students. I should be obliged if you would recommend your student(s) to our new International Master Program in Economics. Please note the application period for those enrolled in October 2013 is **11-31 March 2013**.

Thank you in advance for your kind consideration,

Yours sincerely,
